Day 1: Arrival – Nairobi / Amboseli

Upon arrival at JKIA you are met by our representative and drive to Amboseli with picnic lunch boxes, and arrive for an afternoon game drive. This park is famous for its big game and scenic beauty with the landscape dominated by the Mt. Kilimanjaro. It offers an interesting contrast with its dry and dusty appearance, which can be attributed to the volcanic ash that came out of Mt Kilimanjaro when it last erupted. In spite of the appearance, there is a continuous supply of water that gets filtered through volcanic rocks from Kilimanjaro's melted snow. These streams flow underground, creating lush green areas, and converge at two clear water springs in the park. Arrive on time for lunch followed by an afternoon game drive till evening. Dinner and overnight at a luxury tented camp on full board basis

Day 2: Amboseli

You will spend another day in the park on morning and afternoon game viewing drives.

Wildlife here includes the zebra, wildebeest, giraffe, impala, caracal and serval cat, lion, leopard, cheetah, buffalo, wild dog among others. There are also over 400 species of birds, including the bee-eater, kingfisher, African fish eagle, martial eagle, and pygmy falcon.

Visitors mainly come to watch the huge herds of elephants. The bull elephants have some of the largest tusks in all of Kenya. Visitors can also enjoy excellent views of Mt Kilimanjaro and Meru. All meals and overnight at the tented camp

Day 3: Amboseli / Lake Nakuru

After breakfast, depart to Lake Nakuru with picnic lunch boxes, Lake Nakuru is one of the Rift Valley soda lakes at an elevation of 1754 m above sea level. The lake lies to the south of Nakuru town, in the rift valley of Kenya and is protected by Lake Nakuru National Park. Lake Nakuru is among Kenya's finest national parks. Flanked by rocky escarpments, pockets of forest and at least one waterfall, the park is pretty year-round. You can also expect to see both black and white rhinos; look past the hordes of horny baboons and you'll see hippos, or perhaps a lucky leopard or two. There are also about 50 rare tree-climbing lions in the park, spotted several times per week. The usual zebras, buffaloes and Rothschild's giraffes seal the deal. The forested area below Flamingo Hill is a favorite lion spotting point. It's here that you should look up, not down as you are used to in other parks – lionesses love to sleep in these trees. Leopards frequent the same area. The caves beneath Lion Hill in the park's northeast once served as a defacto lion cub nursery. These days, they are more commonly frequented by snakes.

Pythons lurk in the cool, forested areas early in the mornings. The lake's abundance of algae attracts the vast quantity of flamingos that famously line the shore. Other birds also flourish in the area, as do warthogs, baboons and other large mammals. Eastern black rhinos and southern white rhinos have also been introduced later in the evening return for Dinner and overnight.

Day 4: Lake Nakuru /Maasai Mara

After breakfast, check out and drive to the Maasai Mara Game Reserve, so named to mean the “spotted plains” in the Maa language. This is home to the greatest concentration of large mammals and is widely recognized as Africa's ultimate wildlife reserve. The park is the northern extension to the vast Serengeti-Mara ecosystem, famous for its annual migration of wildebeest. Arrive for lunch at the camp and later depart for an evening game viewing drive until sunset in this spectacular place of breathtaking sceneries, never-ending plains and the most abundant variety of wildlife remaining anywhere in the world. The landscape is made up of rolling savannahs dotted with patchy shrubs and bush thickets. Dinner and overnight on full board basis at the camp.

Day 5: Masai Mara

Spend the day on game watching with morning and afternoon game drives and a visit the Maasai village. Wildlife is abundant in the Reserve with the gentle grasslands ensuring that animals are never out of sight. Birds are prolific including immigrants, 450 bird species have been recorded among them 57 birds of prey. Every year the Mara plays host to the world's greatest natural spectacle; The Great Wildebeest Migration

from the Serengeti. The big cats - lion, leopard, and cheetah - follow the wildebeest, essentially their main source of food, into the Mara. The Mara at this time is literally packed with wildlife, providing lucky visitors on safari with superb sightings of game. This reserve has activities such as balloon ride, nature walks, these activities can be arranged booked and paid for direct. All meals and overnight at the camp
